BRAVE LIFESAVERS Most Creditable Showing Made by Them During the Recent Storm.

WASHINGTON, Oct. 13.—A dispatch from Point Aux Barques, at the mouth of Saginaw bay, Michigan, states that the schooner John Wesley of Port Huron with a cargo of lumber became waterlogged 10 miles from the lifesaving station. The crew of seven men were saved in the lifeboat.

The record made by the lifesaving service during the recent storm is most creditable, there having been uet a single loss of life where the wrecks took piace within the range of lifesaving statious.

The fellowing is a list of the wrecks and the number of persons saved from each by the lifesavers as far as reported: Norwegian bark Ogir, wrecked near Cape Fear, N. C., erew of 11 saved.

Schooner Lorena Reed, wrecked near Ocean City, N. J., erew of three saved. Schooner Maria Louisa, wrecked at Highlands, N. J., crew of 10 saved. Schooner Leonessa, wrecked near Narragansett Pier, erew of five saved. Two scows, wreeked near Narragan-

sett Pier, erew of flve saved. Schoener Laura Cex, wreeked near Cape Elizabeth, Me., crew of six saved. Schoeuers Rosa and Adria, wrecked near Cape Elizabeth, Me., crew of six

Schooner Columbian, perllous positleu near Fairport, O., crew of seven taken off in lifebeat at 10 e'clock at night.

Schooner John Wesley, waterlogged off Saginaw bay, erew of seven saved. Three schooners, names unknown, off Jerry's Point, vessels and crew of 15 saved.

Total wrecks reported, 13; lives saved, 78; lives lost, nene. Nearly all of the rescues were effected at night.

THE VAN LEUIVAN FRAUDS.

Punlshment to Be Meted Out to Those Implicated in Them.

WASHINGTON, Oct. 13.—Steps will be taken by the pension bureau to mete out punishment to the remaining members of the boards of pension examiners involved in the Van Leuivan frauds. Indictments against several of the board physiciaus have already been returned. It has been found that one of those invelved in the frauds, Dr. Pegg, is dead, and prosecution of another has been dropped, owing to advanced age and prebably ill-balanced mind. There were five boards involved in the corrupt methods and several members of these yet remain to be prosecuted, prebably half a dezen. The action against them will probably be based on Sections 5501 and 5541.

The reports of Special Examiner Waite and his corps of assistants new at work at Dubuque will be forwarded to the department of justice with a recommendation for prosecution, and the department will call the attention of the district attorneys, who have juris-diction in the cases, with the purpose of securing indictments. The Van Leuivan frauds are regarded at the bureau as among the most important that have been under investigation, though not involving as much perjury and forgery as the cases filed by Attorney Bewn Moore of Buffalo, new serving a sentence. The number of eases filed by Van Leuivan probably reaches 700 er 800, and about ene-third of these have been investi-

Fifty per cent of them at least are believed to be fraudulent.

THE CZAREWITCH'S MARRIAGE.

The Czar Desires It Consummated at Once In View of His Demise.

St. Petersburg, Oct. 13.—Another report regarding the matrimonial prospects of the czarewitch is in circulation here. It is new stated the heir apparent to the throne Russia will accompany czar to Corfu, and from that island the czarewitch will proceed to Darmstadt, from which place he will return to Russia with his flance, Princess Alix of Hesse, and the Grand Duke and Grand Duchess Sergius of Russia, her brotheriu-law and sister.

It is added that the wedding will propably take place at the beginning of Nevember, the supposition being that the ceremony is being hastened on aceount of the pressure brought to bear upon the czarewitch by his father, who is desireus, in view of his appreaching doath, of having the marriage take place as soon as possible, as in the event of his demise, the union of the czarewitch would be postponed for a year at least. It is officially aunounced here that dispatches have been received from Livadia, saying that the ezar had visited Massaranda and stayed there an hour aud a half. He returned to Livadia through Yalta. EXPRESS CAR ROBBED.

A Train Held Up but the Passengers Were Not Disturbed.

RICHMOND, Oct. 13.—The northbound passenger train on the Richmond, Fredericksburg and Potomac railroad, which left here at 7 o'elock last night, was held up uear Quautico. The engineer and firemun were forced from their engine and the engine was cut

loose and sent ahead. The express messenger, B. F. Crutchfield, and his helper, H. Murray, barred the doors of the express car, but these were blown open with dynamite. The express car was then entered, the messeuger covered with pistols and the safe blown epen and rebbed. After the robbery the thleves made off with their booty in the direction of the Petomae river, where it is supposed they had a boat in waiting to take them to the Maryland side. None of the robbers

entered the passenger ceaches.

The operator at Brooks, six miles from Quantico, discovered that the engine was "wild" as it passed his station and telegraphed to Quantico, where a a switch was thrown so that it was brought into collision with two leaded freightcars and wrecked. Had the locometive been permitted to pass Quantico it would have collided with the

southbound passenger train. It is stated here that there was an unusually large amount of money on the train, probably \$50,000. The robbers, seven in number, were masked. The railroad company has offered \$1,000 roward for the arrest of any of the rob-

KILLED FROM AMBUSH.

Tire Assassin Nearly Lynched by a Mob, but Saved by a Sheriff.

CLARKSVILLE, Tex., Oct. 13.—Henry Dykes' barn was fired Thursday night, and as he rushed out of his house to save his property he was shot from ambush and killed. The assassin was recegnized by Dykes' son, who had followed his father in the yard. A posse was organized and Andrew Jackson,

the accused, captured. Mrs. Dykes asked the posse to let her kill the assassin if captured. Jackson was taken to her home and she was handed a double-barreled shotgun. She raised the weapon, hesitated, and, lowering the gun, asked that the law be allowed to take its course. The posse started for the jail with the prisoner but was overtaken by a mob. A rope was placed around the prisouer's neck and while the mob were in the act of hanging him, the sheriff and his deputies dashed up and wrenched the prisoner frem the lynchers.

CLIMB FOR LIFE.

Four Men Scramble to Safety Up 150 Feet

of Rope. Massilion, O., Oct. 13.—Four painters

had a thrilling escape from death yesterday while ceating the inside of the waterworks standpipe with tar. The pipe is 150 feet high, and the workmen stood upon a raft that was lewered by the escape of the water from bolow

The only communication with the top was by means of a rope. When down 30 feet a pail of tar was upset upon the fire by which it is heated, and the flaming liquid spread itself over the raft and the surface of the water, sending forth a choking vapor. The four men made a climb for life, going up the rope hand over hand, and reaching the top faint and exhausted Everything they left below was burned.

An Ocean Vessel Overdue. BALTIMORE, Oct. 13.—The North German Lloyd steamer Brauuschweig, which sailed from Bremen on Sept. 27 should have arrived at her pier at Locust Point on Tuesday. The local agents have heard nothing of the steamer since she sailed from the other side. On board the Braunsehweig are 124 steerage passengers bound for points in the west. She is an old vessel and uot very fast and may have been dolayed by the recent heavy weather at sea.

Candles and Powder Mlx.

TACOMA, Oct. 13.—The steamer Chilat has arrived from Alaska, bringing news of the explosion of a big dynamite magazine at Taku, 40 miles from Juneau, on Sept. 28. Manager James Avery sustained a dangerous cut on the head, and great rocks were thrown in the midst of the workmen, but none of them were iujured. Thawing out powder with caudles caused the explosiou.

D. HUNT & SON.

CHASING THE WALRUS.

How He Is Harpooned and Then Finished With Cold Lead.

Arnold Pike tells of a walrus huut in Bird bay, to the north of Spitzbergen. The bay was full of fast ice, but eastward the sea was fairly open, and the hunter was rowing slowly back to the sloop when the harpooner suddenly laid asido his glass and headed the boat for a black mass which the mirage maguified into the size of a small house, but

which was really a walrus. "The walrus raises his head, and we are meticuless," says Mr. Pike. "It is intensely still, and the scraping of a piece of ice along the boat seems like the roar of a railway train passing overhead en seme bridge. Dewn goes the head, and we glide ferward again. The walrus is uneasy. Again and again he raises his head and looks around with a quick motion, but we have the sun right at our back, and he nover notices us. At last we are within a few feet, with a sheut of 'Voek op, gamling!' (Wake up, old bey), which broaks the stillness like a shot, the harpooner is en his feet, his wcapou eiasped in both

hands above his head. "As the walrus plunges into the sea the iron is hurled in his side, and with a quick twist to prevent the head from slipping out of the same slit that it has cut in the thick hide the handle is withdrawn and threwn into the boat. No. 2, who with a turn round the forward thwart has been paying out the line, now checks it, as streke and the 'hammelmand,' facing forward, haug back on their oars to cheek the rush. Bumping and seraping the ice, we are towed along for about five minutes and theu step as the walrus comes to the

surface to breathe. "In the old days the lauce would finish the business, but new it is the rifle. He is facing the boat. I sight for one of his eyes and let him have both barrels without much effect apparently, for away we rush for two or three minutes mere, when he is up agaiu, still facing the boat. He seems to care no more fer the solid express bullets than if they were peas, but he is low this time, and as he turns to dive exposes the fatal spot at the back of his head and dies." Milwaukee Wiscousin.

LEWISBURG LEADS.

The Democrats of That Precinct Organize a Big Olub-Good Meeting at Washington.

The Democratic meeting at Lewisburg last night was one of the largest and most enthusiastic yet held in the county.

The rain didn't keep the people away. The hall was crowded, many ladies being present. Mr. Ed. Tugglo called the meeting to order, and presided until the club was organized. 'Squire I. L. Mc-Ilvain was elected President and Mr. Neal Gaither Secretary. Judge Cassidy, of Flemingsburg, was the first speaker. He talked for an hour and was followed by Mr. A. O. Stanley, also of Flemling, who for two hours charmed and delighted the andienco with his eloquence. Judge Phister closed with a speech of three quarters of an hour. The interest never flagged, and the speakers were cheered at the usual hours. and applauded time and again. The club starts out with seventy-two members. They are determined to make Miss Edna Brookover, of Manchester. Lewisburg the banner precinct at the approaching election. At the close of the meeting, the speakers and Hon. R. K. Hart, County Assessor Everett and Mr. C. L. Sallee were invited to the hospitable home of Mr. George Killpatrick, where a sumptuous lunch was served.

Hon. Thomas H. Paynter, Judge Garrett S. Wall and Mr. Frank P. O'Donnell spoke to the Democrats at Washington last night. In introducing the speakers Mr. George R. Gill paid a very handsome and well-merited compliment to Congressman Paynter, saying, among other things, that "if he made as good a Judge of the Court of Appeals as he had a Congressman, he would not only add to his well earned reputation, but shed additional lustre upon a bench of whose past history all Kentuckians were justly proud."

Considering the state of the weather and the difficulty experienced in getting a hall the audience was a fair one.

Before adjourning a Democratie elub was organized and thirty members en-President, and Mr. Virgil McKnight Sec- money refunded? retary. The club will go actively to work and other meetings will be held.

As announced yesterday meetings will be held at Fern Leaf and Murphysville this afternoon at 3 o'clock.

Meetings will be held to-night at Maysliek and Moransburg. Judge Paynter, Judge Cole, Judge Phister, Hon. R. K. Hart and Mr. Frank P. O'Donnell are expected to speak at Mayslick, and Mr. John L. Whitaker and Mr. John L. Chamberlain at Moransburg

Epworth Leaguers Pleasantly Entertained.

One of the most pleasant events of the year was enjoyed last evening at the home of Chief of Police Ort on West Second street. The occasion was the monthly social meeting of the Epworth League of the M. E. Church, under the Fourth Department.

Miss Bertha Ort and her kind mother could not have done anything more toward making the gathering a success, for from the first to the close the best of attention and hospitality was shown. There were about fifty present, and no doubt but that the number would have been much larger if the evening had been favorable.

At 10 o'clock a light lunch was served, and then all joined in singing two or three hymns and after a short prayer the B., L. and O. social adjourned.

ABSTRACT OF THE DOCUMENT.

The Number of Pensioners Upon the Rolls of June 30, 1894, Was 969,544-The Number of Pension Certificates Issued During the Year Was 80,213, and 132,873 Claims Rejected.

Washington, Oct. 13.—The report of Commissioner of Pensions Lochren for the fiscal year ending Jnno 30, 1894, has been submitted to the secretary of the interior and the following abstract has been given ont for publication:

The report states that the number of pensioners on the rolls Jnne 30, 1893, was 966,012; that during the year 89,-085 new pensioners were added to the 085 new pensioners were added to the rolls, 37,951 were dropped for death and other causes, and 2,398 previously dropped were restored to the rolls. The number of pensioners upon the rolls of Jane 30, 1894, was 969,544. The number of pension certificates issued during the year was 80,213, and 132,873 claims of all classes were rejected.

On July 1, 1894, there were undisposed of and in different stages of preparation and advancement claims for

aration and advancement claims for pensions and for increase to the amount of 619,027 of which 287,209 claims, originals, widews and dependents, are on behalf of persons not already on the rells. These claims, save some recently filed, have been examined more than once and found lacking in essential evidence. They are the same eases that have some dewn through the past

The fact .4 mierren to that under the earlier laws, the allowances decreased from 50,177 in 1873 to 9,977 10 years later. The arrears act brought in a large number of new claims, increasing the allowance, and the disability act of June 27, 1890, caused 863,797 claims to be filed the next year. As most of these were meritoriens and simple as to proof under that law and under order 164, which went beyond the law and rated disabilities as if ef service origin, the werk was easy, and an expert examiner could glance over the papers and allow 50 or more in a day Mest of the force of special examiners were called in and pnt at this work.

Difficult cases and such as were lacking in proof, or suspicions in respect to merit or requiring special examination, were passed over and now constitute a large part of the cases coming up for adjudication. New claims of all kinds have fallen off from 363,799 in 1891 to 40,148 in 1894, the fact being that original claims for pensions under existing laws are substantially all in, and the bulk of new claims are for increase or for widows and dependents. The old cases on which the most of the work is expended are, as stated, difficult eases in which proof is defective or lacking, requiring eareful consideration and repeated examinations as any new piece of evidence is filed, or as often as the condition and status of the case is furnished to the claimant or his attorney, or to a member of congress. The cceded 95,000 within the year. Nearly as careful an examination was required in each of these cases as would have been necessary to adjudicate the case if the ovidence were complete.

With the class of work on hand the utmost diligence on the part of the office force could not produce a large outpnt of certificates.

The amount paid for pensions during the year was \$139,804,461, leaving a balance in the treasury of \$25,205,713 of the

appropriation. Much dishonesty and frand, mainly

attributable to unscrupulous claim agents, was uncovered, and there were 194 convictions in the United States courts within the year for pension frands, perjuries and forgeries.

SUGAR BOUNTY REPEAL.

Judge McComas Ruies Against the Application of the Miles Company.

WASHINGTON, Oct. 13.-Judge Mc-Comas of the district supreme court denied the application of the Miles Sngar Manufacturing company of Louisiana for a mandamus to compel feeretary Carlisle to appoint inspectors to ascertain the sugar production of the com-

The object of the snit, it is understood, was to test the legality of the recent repeal of the sugar bounty provision of the McKinley law and also to lay the foundation for an appeal to congress for payment of bounty for the cur-

rent year. Judge McComas says: "The secretary of the treasury concluded that the sugar-bonuty-repeal paragraph of the tariff act of 1894 is a repeal of the act of Oct. 1, 1890, requiring the supervision and inspection of the production of sugar. This clause is not expressly repealed. It is, however, incidental and intermediate to the issuing of licenses to producers and the payment of bounties to them. These are expressly repealed and the Issuing of licenses and payment of bounties is declared nnlawful. The repeal of the clause for inspection and supervision, a useless frag-ment of the statute, is therefore fairly implied.

The court refuses to interfere with the decision of the treasurer, and suggests that the only relief for sugar prodincers holding unexpired licenses is by appeal to congress, presumably for financial recompense. The petition for a mandamus is therefore refused.

KEARNEY, Neb., Oct. 13 .- The Buffalo County National bank has closed its doors. The closing was caused by a \$19,000 judgment against the Sand's clothing house, in which the bank was interested, and a couple of directors demanding their deposits. Sand's clothing house was closed at the same time, but no other business has, been affected so far as known. The assets and liabilities are not known. Following so closely on the failure of the First National Thursday, the closing of the bank has caused great uneasiness.

ESCAPED WITH THEIR PLUNDER The Men That Held Up the Southern Pacific Train Secured \$50,000.

SAN FRANCISCO, Oct. 13.—The bandite who held up a Sonthern Pacific overland late Thursday night and looted the Wells-Fargo Company express car and secured ever \$50,000 seem to have eluded the efficers and excaped with their plander, which was nearly all in gold coin, and consequently a heavy burden. Beyond the mere supposition that the bandits are railway men who have been in the employ of the Southern Pacifie, and the supposition is based only on their apparent familiarity with railway methods and their ability to successfully handle a locomotive, the pursuing of ficials have very little to work upon.

The astounding snows of the holdup was not known until yesterday afternoon. Early reports of the robbery gave the amount of money taken as \$1,500. The Southern Pacific has issucd a circular offering a reward of \$10,000 for the arrest of the two robbers and the recovery of the plunder. In this circular it is stated the bandits plandered the express car of over \$50,-000 in gold.

The detectives are as yet without a clew as to the identity of the robbers and it is not even known in what direction the band have fled. Thursday two strangers registored at the Western hotel and were given a room in which they left overcoats and overalls. They did not sleep in the room, but in the morning returned and claimed their property. They are said to answer the description of the robbers.

STRIKE INVESTIGATION.

A Report to Be Made to the President by the Middie of November.

Washington, Oct. 13.—Colonel Carroll D. Wright, commissioner of labor and acting superintendent of the census, has returned from Chicago. The report of the strike investigating committee, of which he is chairman, will be presented to the president the middle of November. Copies of the evidence taken during the investigation are in the hands of each of the three commissioners for their considerat; on. Messrs. Wright, Worthington and Kernan will meet within two or three weeks to compare notes taken as a result of their consideration of the evidence and will then complete their report.

Grandpa Poisoned Hinnself.

Кокомо, Ind., Oct. 13.—Robert Marquis, 71 years of age and a helpless paralytic, asked his little grandson last night to hand him a sancer which the child supposed contained tea, but which in reality contained arsenic. The child placed the vessel to the lips of his grundpa, who was a moment later in the throes of death. He had eaused the drug to be prepared, pretending that he wanted it as a deodorizer, but with the fixed purpose of committing snicide. He was one of the largest land owners in this part of the country.

FAMILY OF FIREBUGS.

One of the Suspects Set Fire to Her Own Ilouse.

Massillon, O., Oct. 13.—The four members of Christian Riemer's family. train a few miles west of Sacramento at Dalton, were bennd over to the grand jury in the sum of \$50 each. This they could not procure, and in the absence of jail accommodations, were sent heme and a strong guard established. The defendants denied absolutely having set fire to the town, and there was no direct evidence against them.

A short time afterward Rosa, the schoolteacher, attempted to burn the very house occupied by the family. The fire was extinguished and the kitchen found to be saturated with oil.

Old man Reimer en the stand denied his former confession that his wife started the fire. Rosa offered to plead guilty to save the family.

Lighthouse Wrecked.

WASHINGTON, Oct. 13.—A telegram to the lighthouse board states that the lighthouse at Cape San Blas, on tho Florida coast, was wreeked during the last storm. Two dwelling houses used by the keepers were blown down and the tower was still standing, but was being rapidly undermined. The lighthonse is a brown iron structure, 98 feet high, of the third class, showing an alternating red and white light.

Explosion of a Dynamite Magazine.

TACOMA, Oct. 13.—The steamer Chilcat has arrived from Alaska bringing news of the explosion of a big dynamite magazine at Taku, 40 miles from Ju-ueau, on Sept. 28. Manager James Avery sustained a dangerous cut on the head, and great rocks were thrown in the midst of the workmen, but none of them were injured. Thawing out pow-der with candles caused the explosion.

Trotting Record Broken.

WARREN, O., Oct. 13.—The Warren track now holds the world's trotting record over a half mile track. Laird yesterday afternoon drove the 5-year-old bay mare Magnolia, by Howpath, an exhibition mile in 2:11 3-4, thus beating Kitty Bayard's record of 2:14 14.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect lax-ative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is maninfactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
